

Diva lingerie - when it fits, it shows

Lately, Oprah has been talking a lot about bras and proper bra fitting. We agree that women come in many beautiful shapes and sizes and all women should take advantage of a professional bra fitting service to find the right fit and style for them. At Diva Lingerie, we know that styles and trends come and go, but a proper fit in a bra is not just fleeting fashion. We are always thinking about our clients most fundamental needs in undergarments and believe strongly in our basic collection available in cup sizes AA - JJ and band sizes 28 - 50. Diva Lingerie is also a destination for the finest selection in European fashion

lingerie with exquisite choices from Lise Charmel, Barbara, Prima Donna, Chantelle, Lejaby, Rigby & Pellar, Freya and so much more.

We have what you are looking for. In 2005 we had more requests for smooth seamless bras, also known as t-shirt bras, than any other style. With that in mind, Diva Lingerie carries over twenty-five different smooth bras, including some without an underwire, for every style, size and wardrobe need. We carry seamless nursing bras that come in cup sizes B-H and an outstanding seamless sports bra that is available in cup sizes B-G. This year, Prima Donna introduced a revolutionary "formed" seamless bra available to a "G" cup that enhances the silhouette in even the most form fitting silks and knits.

Undergarments are the foundation of a wardrobe. They are first on your body and last to the floor. They should make you look and feel fabulous. They can gesture, conceal and reveal and they are part of constructing the image of a first impression. Some women like lace, some women like lycra, some women prefer comfort, while others want to feel special. Because every woman is different, we have compiled one of the largest collections of undergarments in Western Canada for all of your needs, your whims and your desires.

For bridal and formal dresses, we offer strapless bras, bustiers and merry widows in sizes B-FF. For holiday travel our cup-sized swimwear collections from Freya and Fantasie have arrived as well as our Linda Lundstrom cruise wear and Sun Goddess Gear for Spring 2006.

Everyday at Diva we meet new clients who have come to us for a professional fitting for the first time. Often you will come with a daughter, a sister, a mother or a friend who has visited us before. Thank you all for choosing Diva Lingerie in Grant Park Shopping Centre. We appreciate your business. Diva lingerie, because when it fits, it shows.

WHEN IT FITS ~ IT SHOWS
The most comfortable lingerie you'll ever own

You asked Lianne (and she never hesitates to answer)

Dear Lianne

So, here I am a newlywed. It is suppose to be heaven and wonderful. It is like I have had a big let down. I put so much time and energy into planning my wedding, I am feeling left out of the loop now that it is all over. Don't get me wrong, I love my husband so very much but I am bored.

Signed Mrs. Too Much Time on My Hands

Dear Mrs. Time

When people are busy planning their weddings they are on a natural high. The preparations, the decisions and the anticipation can become a full time job. Once it is over many brides find themselves feeling lost in the shuffle. It is the reverse of the calm before the storm. You have an entire life to live with your husband now. You must find things to do that make you feel fulfilled.

If you are not working you may want to consider working or volunteering. If you really enjoyed the wedding preparations you can explore working as a wedding planner or in a bridal salon. You should concentrate on finding something enjoyable to do with the extra time you now have. It is quite natural to feel somewhat empty after a big event has occurred. The most important thing is to fill your new found spare time with something that makes you happy.

Dear Lianne

I have been to many weddings over the past few years. I have a very embarrassing problem. I tend to get very emotional and cry uncontrollably at the ceremonies. I have had people stare at me. I thought long and hard about why I do this and the only thing I came up with is that I really wish I was getting married. I am not in a relationship and wonder if I will ever have an opportunity to get married. What should I do?

Signed When Will it Be My Turn

Dear Your Turn

The first thing you need to do is to talk with your doctor and determine if taking medication prior to the ceremonies would help calm you down. You need to take steps to meet people. Investigate the possibilities of working with a good Matchmaker. Enrol in courses that would appeal to men as well. Perhaps take dance lessons where you can attend without a dance partner. Look into joining a co-ed gym and attend regularly.

Make changes in your life that allow you to meet new groups of people. Adopt a positive attitude and wear a smile on your face. Buy a new outfit, have your hair and makeup done and you will feel better about putting yourself out there. Good luck to you.
