Create a "Scene" at your wedding

Creating a Scene will create the most perfect setting for your wedding. Our traditional and contemporary looks include lattice and pediment archways, Translucent lit panels, Frosted Panels, Urban Escape and Chupahs. We do theme weddings such as A Mid Summer Night's Dream, the Winter Wedding, the Western Wedding, the Medieval or Renaissance Wedding to name a few.

This is your wonderful day and we want everything to be perfect for you. During your free one on one planning session we will walk you through a few questions such as the wedding date, the location and your ideas. You will select a Wedding décor package, create your own look with our décor, choose a theme décor or have us create what you envision, in your planning session. When we take care of your décor for the day, you can relax because this is what we do every day of the year. We can decorate, and organize the delivery, set-up, takedown and return your wedding décor so you can enjoy your day. Our services are very affordable. We decorate at all the hotels, many

of the community centres and homes so we are experienced with all the extra details. Many of our displays can be rented out for your own set-up and decorating.

As well as creating the most perfect setting for your wedding we also carry a whole range of popular items such as tulling and minilights, columns, topiaries, unity candle stands, as well presentation holders. These items can be rented for you to decorate with. We can incorporate bridal colours by adding silk/fresh flowers, tulle or bows to our topiaries, or to top our stanchions. Our props can be seen at our studio and we have a wonderful wedding book that shows the variety of decorative looks available for you. Also, our website www.creatingascene.com has many different ideas and pictures of weddings and events we have serviced.

Take the stress out of creating the look you want for your wedding, and enjoy your day by phoning Creating A Scene for your free planning session at 231-1701. We are located at 100 - 193 Dumoulin Street in St. Boniface.
