"Post"-Marked Calgary

By TANYA GELFAND
(Mrs. Gelfand will be pleased to accept organizational or local news and personal notes for inclusion in this column. Her phone number is AY 9-2166 . . . her address is 1317 - 21 A St., N.W.)

Winnipeg, June 7 — This edition of "Post"-Marked Calgary is being written in Winnipeg as I am presently on a visit here, to attend the Canadian Women's Press Club Convention which was held here in Winnipeg, and also to come and see what makes The Jewish Post tick. This column will also be my last

for the season because most organizations have held their elections and installation of officers and are winding up their affairs for the year, or at least until the fall. I didn't want to stop writing, however, without saying a so-long to my readers and to thank them all for their comments, both complementary and critical, but at all times the criticism was constructive. I hope to be with you again in the fall, reporting the activities from Calgary as I have for the past three years. In the meantime I trust that you all have an enjoyable and SAFE summer.

See you in the fall.

Calgary is big business today and our community must be organized efficiently to administer its needs and to develop an adequate program for its growth. Raising funds for community services and overseas needs is difficult at best," Mr. Hector continued, "and requires maximum community support with professional guidance if adequate amounts are to be raised for all Jewish causes." The allocation of these funds "must be properly programmed" so that our community can look forward to "a decade of positive growth in Jewish experience."
Mr. Shatz was born in 1922 and raised in Winnipeg, receiving his secular and Talmud Torah education in that city. After graduating from St. John's Technical High School he joined the RCAF for a tour of duty during World War II. Following his discharge in 1945 he entered the University of Toronto and was certified in Business Administration in 1947. He returned to Winnipeg and accepted a position with the YMHA as supervisor of youth work and development of program then in its formation before the new "Y" building was completed in 1952.

Las Vegas Thunderbird Features Sarah Vaughan

One of the greatest names in show business joins the famous Thunderbird Hotel lounge lineup Friday, June 8, giving the plush Las Vegas resort one of the best balanced entertainment programs along the Strip.

Making her initial Thunderbird appearance will be the fabulous

Sarah Vaughan, conceded by many of the nation's top critics to have the greatest vocal instrument in the world today.

"We are indeed fortunate to have contracted the much-in-demand Miss Vaughan," said Thunderbird president Joe Wells. "Our entertainment policy is to give the public only the best and Miss Vaughan

is the best." She rocketed to stardom with her rendition of "It's Magic," which sold over two million copies. One of the nation's most active performers, Miss Vaughan also keeps busy doing

guest star appearances on some of the nation's favorite television shows.
