LIFE
Drifting along life's highway, Every day, another dream, Flotsam in the game of play, Things are not what they seem.

There's no one yet that beat the game Where everything is at stake;

Each alone, is to blame, If opportunity they forsake.

Anything too easy is not worth while, We all must smooth the rough, At times it's hard, but just you smile, And show you have the stuff.

For life is a stage, and you the actor, To play an important part; It is worth while, striving for, And never too late to start.

SPORT AND Y.M.H.A. NOTES

By Dr. C. (Sheppy) Hershfield

Native Sons Trim Y.M.H.A. to Win Series

Well, it's all over now but the shouting, and you can rest assured that there will be many and many a post-mortem held over that memorable and heart-breaking game, when Native Sons beat Y.M.H.A. 9-8 and won the right to enter the playoffs for the championship of the Winnipeg Senior Diamond League. It will be a long time before the fans and players themselves will forget the exciting moments of that game. With the score standing 9-4 the Y boys showed their fighting spirits and went into the ninth inning determined to "do or die." Three hits, a walk and an error and the boys had scored four runs making 9-8. With one down and a man on second base, we all thought we were going to pull the game out of the fire but we were doomed to disappointment—the next man at bat flied out and the one following was out at first. And so just when our spirits were raised to heights of joy the very next moment they were dashed to the ground.

It seems such a pity to have lost the game, when we could have won it at least three or four times. Our boys in the field played very loosely and accounted for five errors. This was the cause of our defeat. We made as many hits as the Sons and had more men left on bases—but the superb fielding of the Sons was just too good. Three times we had the bags filled and we just couldn't come through with the necessary hit.

The game was featured by beautiful fielding on the part of Barney Braunstein, Benny Glusman and on the Natives' side by Nitchuk and Joyal. The batting features were provided by Clarke of the Natives and Motie Kamersofsky. It was a wonderful game to watch and it was certainly no place for a person with a weak heart.

Chatterings

Sam Lehman won the one barrel championship of the United States. The one barrel referred to is from a gun. Mr. Lehman is a trap shooter. It's all mixed up but you know what I mean. He's some shot.

The youngest Jewish swimmer to get his picture into the papers is Marco Israel, twenty-seven months old and said to be an expert swimmer. Speaking of swimmers what ever did happen to the Zitenfeld twins—our robust young channel crossers.

Last Friday the Native Sons trimmed the Y boys 7-1. The Y boys were not up to their mark in that game at all and were outclassed decisively.

And so we must put our baseball bats and balls away for season 1930 and console ourselves with the fact that we were "nearly" there. In reviewing the season's play by the Y boys, I think they have done splendidly—from last place in the first series to playing off with the Native Sons, who I think are the best team in the league, is quite an achievement. The boys finished the season playing in brilliant form and even though they did not win, they played the game in a true sportsmanlike manner.

Better luck next year, boys!

We are given to understand that the Y.M.H.A. have withdrawn their application for a berth in the Winnipeg Senior Rugby League. Many of the players upon whom the Y counted have been unable to remain in the city and as a team of first rate material could not be formed it was decided to withdraw from the league. We hope that the Rugby executive will see fit to run a junior or juvenile team so as to keep some of the young fellows in the game.

The story goes that Jimmy Reese of the Yankees is playing under a nom de plume because he doesn't want the world to know he is Jewish until he makes good—Yeh?

The Maccabean Sports Meet in Brussels goes on this week and if our correspondent doesn't fall us I ought to have some hot stuff for you. Ben Hecht, playwright and novelist who took up tennis in a serious way has forsaken the game for the present while he pounds out a novel—the main character will be a Jew.

I saw the new million dollar Y.M.H.A. in New York City and let it be known that it's one grand sport palace, they have everything in equipment except squash courts, and it's a shame they didn't include this sport which has had so few Jewish performers. There are few clubs allowing Jews privileges that are equipped with them and I think the Y.M.H.A. missed an opportunity to give the Jewish boys interested in the game a break.
