ZADOK DEFINES 'JEW'

(Cont. from page 7)
covering law of torts, commerce, bankruptcy and system of procedure. • Israeli-enacted article 46 of the order-in-council making possible legal decisions which are made when a judge finds "the written law does not extend a reply."

Two laws were enacted, he said, which are "unique" in the world. The first is "the law of the return" which provides that every Jew has a right to settle in Israel. The "law of Nationality" provides every immigrant with automatic citizenship.

In a talk Wednesday evening before the Canada Press Club, Dr. Zadok said that Israeli views on accepting German reparations "cut across party lines," but asserted that all legitimate differences of opinion must be democratically expressed and decisions of the constitutionally recognized majority accepted.

FLEDERMAUS HERE Tickets are now on sale at Celebrity Box Office, 270 Edmond street (telephone 931 945), for the Metropolitan Opera's production, "Fledermaus," the smash hit on Broadway last season, which will be presented at the Winnipeg Auditorium for three evening performances and a Wednesday matinee, beginning Monday, Jan. 28, under the sponsorship of Celebrity Concert Series, Ltd.

Coming from the world-famous institution, the Metropolitan Opera House in New York City, "Fledermaus," masterpiece of the immortal Johann Strauss, "The Waltz King," in its new English version by Howard Dietz and Garson Kanin but with the incomparable Strauss score intact, proved, in the words of one renowned critic, "worthy competition to 'South Pacific' and 'Guys and Dolls.'" In fact, tickets to the 19 performances given at the Met were, if anything, in even greater demand by the public than for the two fabulous 'hits' mentioned.

McCloy to Relay Israel Demands on Bonn

London (JTA)—Israel is expected to communicate with the West German Government within two weeks on the Israeli claim for reparations. It was reported today in the press here. The report stresses that the Israeli note will be delivered through John J. McCloy, American High Commissioner for Germany, and will agree to negotiations but will insist that they be held in some neutral country.

The report, emanating from Tel Aviv, says that Israeli Cabinet Ministers are optimistic, but Foreign Ministry officials "are anxious about the technical difficulties." The report predicts that Israeli delegates port negotiations will have to insist that Germany, able to pay reparations only in goods, should not give consumer goods, but products that can be used for the Jewish state — such as agricultural tools and machinery, irrigation pipes and prefabricated houses. "The Israelis consider it equally essential that the reparations are delivered over a period of eight to ten years at most, when it is hoped that the country's mass immigration will have been accomplished," the report concludes.

Hillel's "Awake and Sing" Set For Feb. 10 Presentation

During the past three years the Hillel Dramatic Society under the direction of Sid Perlmutter, has established a favorable reputation in Winnipeg drama circles. High quality performance in its first two productions won the Hillel group an invitation to participate in the annual Manitoba Drama Festival. Owing to technical difficulties the invitation could not be accepted. After its debut presentation of January, 1950 "It's Hard To Be A Jew" one drama critic wrote: "The effort that went into the play, the high level achieved by amateur actors, the excellent sell-out attendance certainly carried home warmest regard for the whole project. Certainly Hillel drama merits many large audiences and in this merit lies Hillel's highest praise." Clifford Odets' "Awake and Sing," slated for presentation by the Hillel Dramatic Society at the Playhouse on Sunday evening, Feb. 10, will be another first-rate presentation. A serious drama, "Awake and Sing" will call forth the best acting abilities of Hillel's cast. Participating will be: call forth the best acting abilities of Hillel's cast. Participating will be: Rhona Teich, Jerry Apple, Sid Simons, Bhea Katz, Gordon Pollock, Yude Henteloff, Sheldon Altman, Stan Udow, Berry Minuk. Tickets are on sale at Hillel House, Dominion News Agency and Peoples Book Store at \$1.50, \$1.25 and 75 cents.

"Assassinations Possible" B-G Scores 'Beigin War'

Jerusalem (JTA)—Premier David Ben Gurion told the people of Israel this week that the right-wing Herut Party, assisted by the Communists, were plotting against the present regime in the country and that the possibility of assassinations of members of the Israeli Cabinet by terrorists was not excluded.

The premier described the riot as "a treacherous plot" by the "Irgun Zvai Leumi, assisted by the Communists." Menachem Beigin, leader of the Herut, the premier charged, was "the head and organizer of the revolt." He added: "I do not underestimate Beigin's announcement that he is preparing a will in case of death, and I have no illusions against whom those threats are directed, and I also know that it is not very difficult to kill members of the Government which I have the honor to head. It is no secret to me who is the first target of Beigin's war plans."

Israeli Banker Tells Canada of JNF Needs

Montreal — Yehuda Leviatov, a prominent Israeli banker and active member of the Jewish National Fund Executive in Israel, has arrived here for a three-months visit during which he will tour many Canadian centres in behalf of the Jewish National Fund.

In an interview today at Zionist headquarters, Mr. Leviatov stressed the progress made in Israel in the reclamation of the Huleh swamps and asserted that by next year, the Huleh will be reclaimed and ready for cultivation.

"The Huleh will be the granary of Israel because the soil is very fertile for cultivation," Mr. Leviatov added. "More than 10,000 people are engaged in reforestation work in Israel," Mr. Leviatov stated.

Mr. Leviatov is also a member of the board of directors of one of the greatest insurance companies in Israel — "Hassneh." During the Middle East hostilities, Mr. Leviatov acted as Assistant to the Military Governor of Jerusalem for Food and Water Supply.

ISRAEL RITOV

Western Canadian communities slated to launch their 1952 Histadrut campaigns will hear first hand reports of Histadrut tasks ahead from the lips of one of Israel's most brilliant and moving orators, Western Canada Histadrut chairman, M. A. Gray, M.L.A., announced this week. Israel Ritov, an Israeli since 1932, administrator and leader from whose ranks so many of Israel's statesmen have been drawn, will open the Western Canada Histadrut campaigns for 1952 in the larger centres, at Saskatoon, on Feb. 3. Other campaigns he will address are Edmonton, Sunday, Feb. 10; Calgary, Wednesday, Feb. 13; Vancouver, Sunday, Feb. 17; and Regina, Wednesday, Feb. 20.

Chaver Ritov is director of the Cooperative Centre of Histadrut, and edits "Shituf," organ of the Israeli Cooperative movement. During World War II, he was co-chairman of Civilian Mobilization in Israel. Today he serves on the World Executive of the Karen Hayesod, and is on the executive of the World Zionist Actions Committee and Mapai.

Before immigrating to Israel he directed the local Palestine Office in Warsaw where he led the Poale Zion.

Churchill's Kind Word For Israel

Washington (Special) — In his address Thursday before the joint session of Congress, Prime Minister Winston Churchill described himself as a friend of the idea of a Jewish state from the days of Balfour on. He paid tribute to the men who founded the "Israeli state" and wished the people of the state success. His remarks which drew forth mild applause, came in the midst of a reference to the Middle East in which he described that area's problems as the world's rather than Britain's alone.

Sidney — The Executive Council of Australian Jewry decided to oppose direct negotiations with the German government on reparations.

Afterthoughts on B-G's "Bankruptcy" Stand

New York—The New York Times reported from Jerusalem that in the stenographic transcript of the speech, Mr. Ben Gurion has expunged the word "bankrupt" and, in the phrase involved, substituted "American Zionists have not stood the test." The editors of Dvora Haknesset, the Israeli equivalent of the Congressional Record, balked at making the change, the Times correspondent said, adding that their policy has been to allow only corrections of errors in language or transcription or slips of the tongue. The Prime Minister's amendment was held to have changed the substance of his remarks.

Another change made by Mr. Ben Gurion was the deletion of a statement to the effect that Jewish engineers in the United States, unless they were geniuses would not find it easy to obtain employment in non-Jewish firms. Mr. Ben Gurion substituted a statement to the effect that they were "objective reasons" why American Jewish technicians would go to Israel. The Times report states that 200 Cochon Jews See Re-admission to India Want to Leave Israel (London JTA) — The Guardian reported from London that 200 Cochon Jews to Israel without passing addressed a petition to Indian Prime Minister permission to return. The petition pointed out the Jews of Cochon "for years the who of De-neak on Crown's club, at present about Cochin."
