

SEES EINSTEIN AS SUCCESSOR TO ISAIAH

New York, N. Y. (WNS)—Albert Einstein in the role of successor to the ancient prophet Isaiah was the conception of the scientist presented by Dr. Stephen S. Wise at the annual meeting of the New York Federation of Jewish Women's Organizations. Lauding Einstein for his efforts against war, Dr. Wise said: "I thank God that a Jew, more than any other summons the nations, as Isaiah did 2,700 years ago, to end the curse of war. When an Einstein calls on Jews to resist war, I hear of Jews, quasi leaders, who say that Einstein misrepresented the Jews, that the world will think we are incapable of patriotism. I thank God there is one Jew whose answer is given, not by considerations of prudence, nor motivation of fear, but by conscience and conscience alone."

FRENCH REPORT WOULD CUT JEW'S ENTRY

London (WNS)—The arable land in Palestine is insufficient to maintain the population already in the country and, therefore, the ratio of Jewish immigration must be cut down. These are the vital conclusions of the report by Commissioner Lewis French to the British Colonial Office, according to a statement in the London Jewish Chronicle. The influx of Jews adversely affects the Arab population, the French report is said to state. No confirmation of the authenticity of the story could be obtained from either the Colonial Office or from the Zionist headquarters. Zionist leaders said, however, that if the French report is confirmed and accepted by the Government, it would be far more disastrous to Jewish interests than either the Passfield White Paper or the report of Sir John Hope Simpson, both of which aroused world-wide Jewish protest. French has been investigating the agricultural situation and the "displaced Arabs" problem for the last six months.

PLAN WORLD-WIDE ANTI-SEMITIC BODY

Berlin (WNS)—Though the National Socialists regard the Communists as their greatest enemies they imitate a number of the latter's organization methods. There is a movement now on movement among the Nazis to organize a world-wide anti-Semitic group along the lines of the Communist International. The purpose of the Hitlerite program is to co-ordinate the efforts of Jew-haters throughout the world in order to accelerate "the destruction of the Jews" stranglehold on world finance.

GERMANY MAY ADMIT TROTSKY

London (WNS)—The German Government has decided to admit Leon Trotsky and the Soviets will permit him to leave Turkey, according to a dispatch in the Daily Mail from what is said to be a authoritative source in Moscow.

ZIONIST CONVENTION CLOSURES WITH A. J. FREIMAN AGAIN PRESIDENT

Everyone Satisfied

Montreal—(Special to The Jewish Post)—A spirit of peace and harmony prevailed at the close of the 23rd Canadian Zionist convention in Montreal Tuesday. A. J. Freiman, in spite of his insistent refusal to accept reelection yielded to pressing influences—delegates and circumstances,—and accepted the presidency for another term.

Resolutions, which satisfied all factions, and which were interpreted by such as victories were adopted. The newly elected administrative council was instructed to delve into the matters of constitutional revision and reorganization.

Among the resolutions are the following: establishment of scholarship funds for the Hebrew University; delegates to the Zionist Congress will in the future be elected by votes of shekel payers; and that assistance be given to elementary Jewish schools.

A resolution emphasizing the importance of the Keren Hayesod and Keren Kayemeth, in the upbuilding of Eretz Israel was adopted. This resolution, however, also recommends the encouragement of private initiative.

New Executive

The new administrative council of the Zionist organization was elected at the close of the convention, Tuesday, with A. J. Freiman as president. The executive consists of the following: Lyone Cohen, A. A. Levin and Rabbi H. Abramovitz of Montreal; D. Dunkelman and J. Pullen, Toronto; Max Heppner and M. J. Finkelstein, Winnipeg—All honorary vice-presidents. Active vice-presidents—Louis Fitch, K. C., Montreal for the eastern division; M. Geiber, Toronto for the central division and F. M. Sures, Winnipeg, and A. H. Goldberg, Calgary for the Western division. Joseph Fineberg was re-elected treasurer.

Reports of Divisions and Branches Heard

There were 247 official delegates registered at the 23rd Canadian Zionist convention, held in Montreal, Sunday, Monday and Tuesday, January 24, 25, 26.

The convention heard reports from various branches of the organization. The Habonim Order which was organized in 1923, with a membership of 20, now numbers 800 in 8 lodges. Young Judea has a membership of 2,500 in 141 clubs in 36 centres. The Hadassah has 134 clubs in 34 centres with a greatly increased membership. The Keren Hayesod income for the last two years was \$310,999. Expenses realized during the same period \$46,642. The loan of \$400,000 from the bank to pay part of the million dollar land purchase in Palestine was paid in full.

The report of the Western division was not very encouraging. The activi-

ties suffered considerably because of the depression. A special organizer was demanded by the Western delegates.

Administration Criticised

The Zionist administration was subject to much criticism, especially from the Ontario division, whose chief is Myer W. Weisgal.

Mr. Weisgal stated that the organization has shrunk to a mere money collecting agency. He demanded a complete reorganization and the formation of an administrative committee representative of all Zionist influential individuals.

Mr. Weisgal also demanded the organization of the Jewish Agency in Canada. With regard to the Zionist membership he insisted that such a body should be established and this body should maintain the organization with the necessary funds so that all the monies collected for the Keren Hayesod and National Fund will go in aid of the purposes for which they are intended.

buying of another 5000 dunams of land. Samuel J. Borowsky and Rabbi Charles Bender, both like Mr. Weisgal are former members of the Zionist organization of America, defended the administration, and commended the achievements of Canadian Zionism.

Rabbi Zlotnick, executive director of the Zionist Organization of Canada upheld his views on the new trend in Zionism. "The new circumstances under which we are working demand a new trend and other methods for attracting all Jews to Zionist work" he declared. The Rabbi suggested that in addition to the regular funds,—the Keren Hayesod and National Fund—a fund should be inaugurated for the

Noted Speakers Inspire Delegates

The Zionist Convention in Montreal enjoyed the privilege of hearing some great personalities in Israel, the main figure being Dr. Nahum Sokolow, president of the world Zionist organization. Other visiting speakers were Dr. Nahum Goldman, from Berlin, noted author and orator, who is now on a visit in the United States, and Mrs. Archibald Silverman, vice-president of the Zionist Organization of America, and one of the chief leaders of the American Hadassah. Their addresses were inspiring and encouraging to the delegates, who were vexed with certain Jews regarding the future of Palestine.

Mrs. Freiman Unanimously Re-elected Hadassah Head

Mrs. Max Rady, Winnipeg and Mrs. M. Teitelbaum, Saskatoon, Western Vice-Presidents

(Montreal, Special Cable to The Jewish Post)—Mrs. A. J. Freiman was re-elected president of the Dominion Hadassah and was enthusiastically acclaimed at the seventh Canadian Hadassah convention which concluded in Montreal, Tuesday night. Mrs. Max Rady of Winnipeg, and Mrs. M. Teitelbaum of Saskatoon were elected as vice-presidents in charge of the Western division.

Several resolutions of importance were accepted at the convention, among which are the following: Canadian Hadassah will continue its support of the Motza Convalescent home to the extent of \$3,000 annually. It was also decided that an intensive campaign to increase its membership be conducted by the organization.

The Hadassah will, as in the past co-operate with the Zionist organization in respect to its general activities, but in respect its own specific work, the Hadassah shall be independent.

A resolution was passed that in order to strengthen and broaden the scope of the Junior Hadassah, so that the Junior movement will more fully and efficiently co-operate with the senior organization, steps be taken to form a national body of Canadian Junior Hadassah. A committee was appointed to investigate the possibilities of the formation of National body, and plans for such a body be placed before the next Hadassah convention for ratification.

Dr. Nahum Sokolow, president of the World Zionist Organization, Mrs. Archibald Silverman, one of the leaders of the American Hadassah and other noted leaders of Zionism addressed the convention.
