Congratulations on your Wedding, and welcome to the world of mother of the Bride (Groom). Now that the date has been set, the site selected, meal planned and honeymoon arranged and the wedding dress bought the next order of priority is what do the mothers wear???

Well take a deep breath and relax, first of all do not lose sight of the most important fact, the wedding, rest assured that no matter what every wedding is a beautiful affair and a wonderful celebration of love and commitment.

Now that you're calm let's talk about options. The first rule is to shop early. At Creative Wardrobe our "Mother of the Bride (Groom)" for this spring 2001 begins to arrive in mid-February. The importance of shopping early is that we will have more success special ordering a particular size or colour while our manufacturers have the stock. Once you have decided on the colour of the Bridal Party now its your turn.

Dresses come in all sizes and styles, at Creative Wardrobe we will help you select the style best suited to you. We have a very knowledgeable staff and full time seamstress that will make sure that you look your

very best.

What's new for spring 2001. Elegant but toned down sequins, detail remains on the neck and chest, subtle but very elegant. Skirts can be long or below the knee with that special suit. Slits are generally high to show the FEMININE look. Colours range from black to mauve, navy, champagne and a host of neutral tones.

Styles are numerous, and so are price ranges, many have over jackets that can be removed or worn throughout the evening. Many have beaded tops that are very elegant and give you that special sparkle.

At Creative Wardrobe we have been dressing Brides and "Mother of the Bride (Groom)" for over 20 years. Our longevity is a statement of our services, selection and commitment to excellence that we bring to our customers, "When you look great" you are our best form of advertising.

Creative Wardrobe is located at 1865 Grant Ave. in the Kenaston Village Mall. It has a full range of clothing and accessory needs, from Evening Wear, to Business wear, to Casual wear we have all you clothing needs. Come experience Creative Wardrobe, let us show you who we are and what we can do for you. Have a wonderful Wedding.

Gunn's makes "decadent" wedding cakes to suit every taste, style

By MYRON LOVE

Gunn's Bakery, the famed 247 Selkirk Avenue baking institution can offer you looks and tastes to help make your wedding the memorable affair you expect it to be.

Fivie Gunn, possibly the only baker in Winnipeg who has earned the title of Master Baker from the Retailers Bakery Association says: "We regularly attend seminars around the continent and keep up to date. We strive to be the leaders in Winnipeg in wedding cake design. Our entire product line is very current - although we don't forsake the traditional."

Gunn's makes a decadently rich chocolate chocolate chip wedding cake, "so rich that you just can't put any more chocolate inside," Fivie notes. "It's made with dark chocolate. It's a chocoholic's dream."

Too chocolaty? Try Gunn's Strawberry Fantasy Cake - layers of chocolate cake filled with whipped cream and fresh strawberries inside.

Gunn's homemade cheesecakes are always popular and also make delectable wedding cakes. Fivie describes the bakery's wedding carrot cakes as moist and delicious as is the lemon poppyseed cake. Then there is the traditional fruit cake. "Ours is very light," says Fivie. "Even people who don't like fruit cake like ours."

As with your choice of cake styles, you also have a choice of icings and icing looks. There is the traditional Royal icing - a very hard icing that seems almost permanent, the unbelievably smooth-looking fondant finish, and a buttercream icing for softer cakes.

"We can cover cakes in white and dark chocolate combinations or cover your cake in dark chocolate and use white chocolate for the accent piping," says Fivie. "The reverse look is beautiful. We can duplicate almost any design from a book or magazine."

For greater flexibility, Gunn's has a system of stacking softer cakes to make them quickly useable. They are stacked in such a way that each is a separate entity and none of the icing is lost.

To further enhance the elegance of your cake, Gunn's has special offset stands which allow you to set up your cake in an attractive arrangement,

and mirrored stands to create a glittering display.

"We can do eye-pleasing scenes with dropped lace, hanging garlands and water fountains on the cakes and adorn the cake with blown glass ornaments such as doves or hearts if we are given enough notice. We can even put colored sand inside the birds to match your colors."

Bernie and Fivie suggest wedding parties call and make an appointment at least one month before the wedding.

Along with the wedding cake, Gunn's can provide a full sweet table with appetite-enticing items such as their chocolate chocolate log adorned with chocolate curls; cheesecakes in a variety of

flavors; several different tortes and flans; their famous chocolate-coated halvah log either wrapped with a chocolate ribbon or decorated with a chocolate rose; and chocolate-dipped dried fruit.

They can also supply a variety of hors d'ouvres for your pre-wedding parties.

Bernie and Fivie invite you to phone them personally. "We will be happy to spend time with you planning your event," they say. "We have been here since 1937. We have many years of experience. We can certainly help you plan a very nice party."
