

Popular Price Quality Steak House Opens in Winnipeg

Yes — the Buck-Fifty-Niner is the new steak house located, right on Portage Ave! The Portage and Evanson corner location is easy to approach, and offers plenty of parking space. Although at first sight the steak house may appear to be small, on entering it soon becomes very clear that every inch of available space is being put to the maximum use. The gleaming new ultra-modern equipped eatery offers full value in good eating, and eliminates delay by using the commissary style of service. The glass covered display counter, and the shiny chrome-topped cooking area offers the visitor a gleaming view. The dining area comfortably seats 85. Shiny-topped tables with comfortable chairs offer elbow space for all. The long row of freshly-curtained windows, and well spaced fixture account for the excellent lighting — no dark, dingy corners.
